"My neighbors felt sorry for me when they saw the different companies coming out to mark the gas, electric, and water lines before the backhoe began to dig up my yard. They said it must be terribly expensive and wanted to know how much all of it was going to cost. I was able to proudly say, nothing! My ServLine Line Protection offered by the utility covered the full amount! It paid \$1,575.00 to the plumber to replace 25-feet of my water line."

Please remove my account from the Basic Leak Protection Program. I do not want the leak protection.

I recognize the Water Loss Protection Program for \$2.00/month is the method to have any excess water bill from leaks or breaks on my water lines or plumbing systems adjusted, but I do not want the service.

I agree to pay any excess water bills due to leaks or line breaks that would have previously been adjusted by the Second South Cheatham Utility District leak adjustment policy or would have been paid through the Servline Water Loss Protection Program.
